

1 Read and answer the questions.

Hi, everyone!

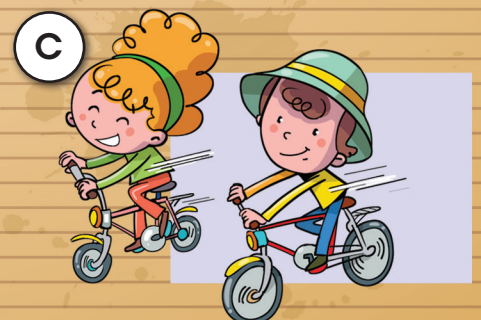

We're Elsa and George! Today is

22nd April and it's our favourite day! Do you know why? Because it's **Earth Day!**

We always have fun and help the Earth on this day. We usually go to school by car, but on Earth Day we ride our bikes! On this day, our class plants trees and flowers around the playground! Then, it's time for our neighbourhood clean-up! It starts at 3 o'clock, right after school, and all our neighbours get together and we clean our street. We can all do something to protect our beautiful planet! What do you usually do on Earth Day?

2 Which of the following activities do Elsa and George do on Earth Day? Look and circle.

1 When do we celebrate Earth Day?

On _____.

2 How do the children go to school on Earth Day?

They _____.

3 What does their class plant around the playground?

Trees and _____.

4 What time is the neighbourhood clean-up?

At _____.
