

How do you celebrate World Animal Day?

1 Read and match.

World Animal Day is a very special day for me! I always organise an event at my school. We also raise money and donate it to animal organisations. We learn about different animals and how we can keep them safe!

Angie

World Animal Day is an important day! I use the Internet to let people know about it! Social media is a great way to talk about helping and protecting animals all over the world!

Sue

My family and I help stray cats and dogs in our neighbourhood. We always feed them and give them a bowl of water to drink. Sometimes we take them to a vet if they are sick or injured.

Tom

I celebrate **World Animal Day** all year long! Every Saturday, I volunteer at a local animal shelter. I walk the dogs and play with the cats. I love being with animals and helping them!
