### **My best friend** *by Sally*

My best friend is Julia. She's eleven years old and she's from Portugal. She has got a lot of talents!

She can play the violin and the guitar very well. I like playing the guitar, too, but she's better than me. Now I'm learning how to play the drum because I want to start a band and become a famous musician!

When Julia doesn't play music, she likes taking care of animals, and her favourite wild animal is the flamingo because it has got pink wings. She would like to be a vet when she grows up.

Julia usually visits me every summer. At the moment we can't meet because she's travelling in Australia with her parents, but we talk online.
